The proposed annexation areas are located in the unincorporated communities of Rowland Heights, Valinda,

The Honorable Board of Supervisors 10/6/2009 Page 2 Newhall, Los Nietos, and South Whittier.

- 2. Adopt the Resolution of Intention to Annex Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and Order the Levying of Assessments within the Annexed Territories for Fiscal Year 2010-11.
- 3. Set a date for a public hearing regarding the proposed annexations and levying of annual assessments within the annexed territories for street lighting purposes, with a base-assessment rate of \$5 for a single-family residence within County Lighting District LLA-1, Unincorporated Zone, for Fiscal Year 2010-11.
- 4. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for Tuesday, 1000 per 34, 2001, pursuant to Section 53753 of the Government Code. The mailed notice will include assessment ballots.
- 5. Instruct the Executive Officer of your Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

### AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

- Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights, necessary to maintain service within the areas proposed for annexation, and are therefore exempt from the requirements under the California Environmental Quality Act.

- 3. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment.
- 4. Determine whether a majority protest against the proposed annexations or assessments exists.
- 5. Make a finding terminating the annexation, the levying of assessments, and the property tax transfer proceedings in those petition territories where there has been a majority protest to the assessments, and refer the matter back to the Department of Public Works.

If there is no majority protest against the proposed assessments, adopt the Resolution Ordering Annexation of Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, Confirming a Diagram and Assessment, and Levying of Assessments within the Annexed Territories for Fiscal Year 2010-11 either as proposed or as modified by your Board. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2010 11.
- 7. Adopt the Joint Resolutions between your Board and other taxing agencies, Approving and

The Honorable Board of Supervisors 10/6/2009 Page 3

Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of these territories to County Lighting Maintenance District 1687, as approved by the nonexempt taxing agencies.

## PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is for your Board to annex the territories known as Petition Nos. 122-807 (Dragonera Drive and Abeto Avenue), 100-707 (Hayland Street), 34-307 (Valley Boulevard, et al.), 24-307 (Valley Boulevard, et al.), 22 307 (Fairgrove Avenue), 101-606 (Coltrane Avenue), 82-502 (Dunlap Crossing Road), and 51-300 (Inez Street) to County Lighting Maintenance District 1687 (CLMD 1687), and County Lighting District LLA-1 (CLD LLA 1), Unincorporated Zone; to levy assessments for Fiscal Year 2010-11 on the benefited properties within the annexed territories for street lighting purposes; and to approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to the jurisdictional change.

## **Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). We ensure the fiscal sustainability of our street lighting services by performing the annexation, levying of assessments, and property tax transfer to provide the funding necessary for the operation and maintenance of new street lighting facilities within these annexed territories. In addition, this action is consistent with Community and Municipal Services (Goal 3), since street lighting services provide for the delivery of a customer-oriented municipal service that improves the quality of life for residents in the area.

## **FISCAL IMPACT/FINANCING**

Sufficient funds are included in the Fiscal Year 2009-10 budget for CLMD 1687 and CLD LLA-1, Unincorporated Zone, to fund the costs for the operation and maintenance of the street lights within these petition areas, should operation and maintenance charges estimated at \$16,100 annually be incurred prior to the end of Fiscal Year 2009 10. Funds to finance future operational cost will be made through Public Works annual budget process.

In subsequent years, the ongoing operation and maintenance costs of the street lights within these annexed territories will be funded by CLMD 1687's share of ad valorem property taxes and supplemented by assessments, annually approved by your Board, from property owners within these annexed territories. The proposed annexations will result in a minimal property tax growth transfer from the affected taxing entities including the Los Angeles County General Fund, the Los Angeles County Library, the Los Angeles County Road Maintenance District Nos. 1, 4, and 5, the Consolidated Fire Protection District of Los Angeles County, and the Los Angeles County Flood Control District to CLMD 1687.

## FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On January 6, 2009, Item 33, your Board approved and filed Petition Nos. 122-807, 100-707, 34-307, 24-307, 22-307, 101-606, 82-502, and 51-300 and adopted a Resolution Initiating Proceedings to annex the territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone, and ordered the Department of Public Works (Public Works) to prepare and file an Engineer's Report for each petitioned territory. The enclosed Engineer's Reports were prepared in response to that directive.

Under California Government Code Section 53753, it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the distribution, receipt, and tabulation of ballots at a public hearing. Ballots will be mailed to each property owner within the annexation territories. The assessment will only be levied if the weighted majority of ballots returned are in favor of the assessment.

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and assessment.

Section 99.01 (a)(4) of the California Revenue and Taxation Code provides that affected agencies must approve and accept the negotiated exchange of property tax revenues by resolution. The Joint Resolutions Approving and Accepting the Exchange of Property Tax Revenues have been approved by nonexempt taxing agencies, and are enclosed for your consideration.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the California Government Code and are on file with Public Works. A copy of the diagram showing the boundaries of each proposed annexation area is attached to the Engineer's Report prepared for each petitioned area. Following your Board's approval of the resolution for the annexations, levying of assessments, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the California Government Code.

The enclosed resolutions have been approved as to form by County Counsel.

### **ENVIRONMENTAL DOCUMENTATION**

On January 6, 2009, Item 33, your Board determined that Petition Nos. 122-807, 100 707, 34-307, 24-307, 22-307, 101-606, 82-502, and 51-300, are categorically exempt from the provisions of the California Environmental Quality Act (CEQA) in that it meets the criteria set forth in Section 15301(a) of the State CEQA Guidelines and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G.

## COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS ENGINEER'S REPORT PETITION NO. 122-807 (DRAGONERA DRIVE AND ABETO AVENUE)

On January 6, 2009, the Los Angeles County Board of Supervisors adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687, and County Lighting District LLA-1 (CLD LLA-1), Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining seven street lights on new wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the seven street lights on new wood poles with overhead wiring. The annual operating cost of \$1,040 for the seven-9,500 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2009-10 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2010-11 tax bill of property owners whose parcels lie within the boundaries of Petition No. 122-807. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was

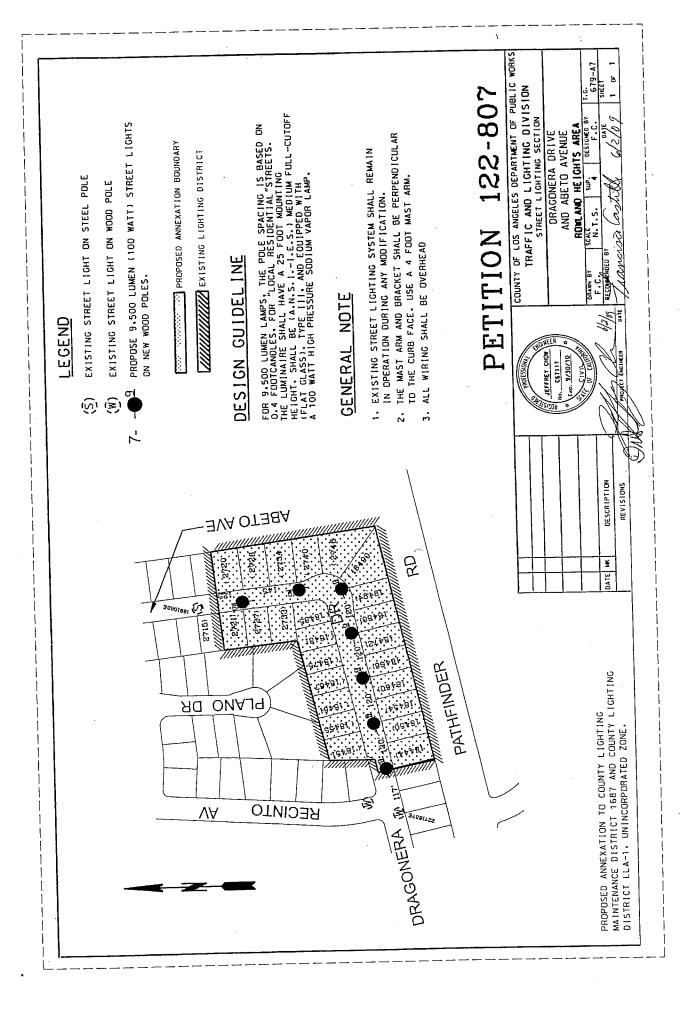

Engineer's Report Petition No. 122-807

formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2009-10 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 122-807, and to provide for their operation and maintenance.

## COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS ENGINEER'S REPORT PETITION NO. 22-307 (FAIRGROVE AVENUE)

On January 6, 2009, the Los Angeles County Board of Supervisors adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 20 street lights on concrete poles with overhead wiring within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

The Puente Hills Community Enhancement and Benefit Fund will finance the estimated \$100,000 costs for the installation of the 20 street lights on concrete poles with overhead wiring within Petition No. 22-307. The annual operating cost of \$2,970 for the 20-9,500 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2009-10 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2010-11 tax bill of property owners whose parcels lie within the boundaries of Petition No. 22-307. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was

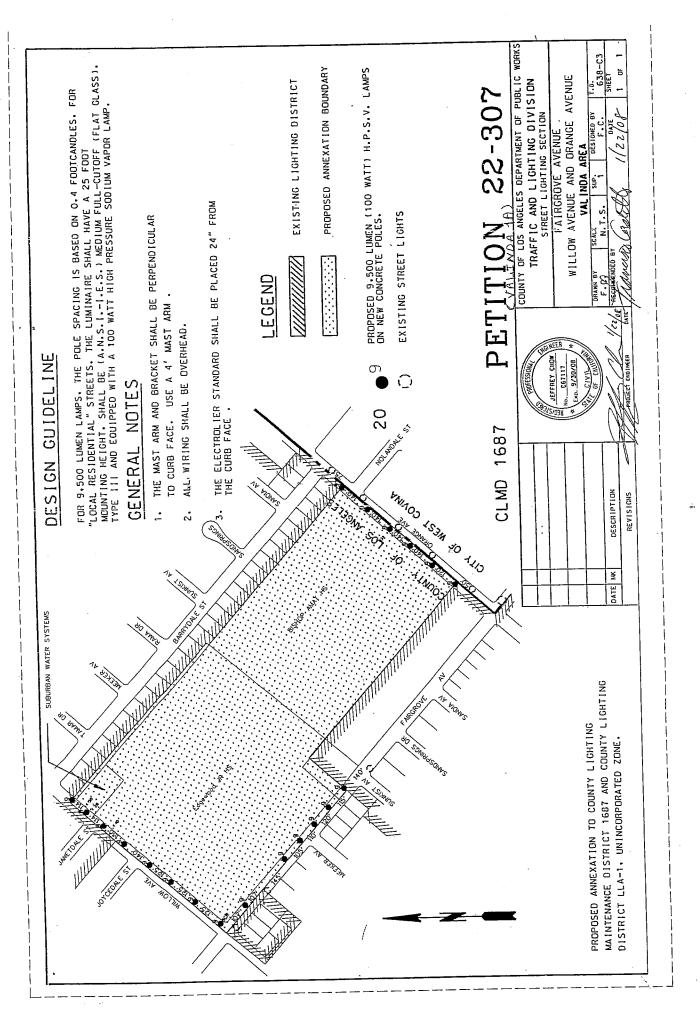

Engineer's Report Petition No. 22-307

formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and approved Assessor was County compiled by the data land-use the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof The Fiscal Year 2009-10 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights within the designated territory as requested by the signers of Petition No. 22-307, and to provide for their operation and maintenance.
